

Western OCU Disability Access to police stations

Eastleigh police station

- There is a disability parking space to the rear of the main building and access to the front office is via the front of the building. However wheelchair accessibility is very limited and we would recommend Hedge End station as an alternative.
- Eastleigh has a loop induction system fitted and trained staff to assist those with disabilities.
- The front office has a lowered counter and is fitted with a call button.
- The entrance is fitted with a push button system that operates the door.
- There is an emergency call phone on the outside of the front office that can be used when the station is closed.

Hedge End police station

- There is a disability parking space at the front of the building and ramped access to the front office which is large and easy to move around within.
- Hedge End has a loop induction system fitted and trained staff to assist those with disabilities.
- The front office is fitted with a lowered counter and call button.
- The entrance is fitted with a fully automated door.
- There is an emergency call phone on the outside of the front office that can be used when the station is closed.

Romsey police station

- There is a disability parking space at the front of the building and an external call button fitted to the front office.
- Please note that if you have a mobility disability, access is restricted due to the listed status of the building. If you require access please contact the station to make arrangements.
- Romsey has a loop induction system fitted and trained staff to assist those with disabilities.
- There is an emergency call phone on the outside of the front office that can be used when the station is closed.

Andover police station

- There is a disability parking space at the front of the building and ramped access to the front office.
