

People may think of Neighbourhood Watch (NW) as a few people 'twitching' at the net curtains, but today's NW, as well as continuing to 'twitch' brilliantly, is involved in a lot more.

Over the last three years NW has worked hard to ensure that more residents see the benefit of working with them to help deter quality of life issues and other crime in their neighbourhoods, and today, more and more residents are becoming involved and use information from NW to ensure their homes and vehicles are more secure.

For more information on joining NW please speak to your local SNT.

Did you know you could volunteer with Hampshire Constabulary?

We are recruiting police support volunteers to work alongside local police teams and make a difference to their community.

Our volunteers provide mainly administrative support to enable the team to focus on community priorities and visible policing.

You could be carrying out tasks as varied as organising community meetings, making sure photos of the team are up to date or carrying out research into community issues and crime trends. To find out more visit www.hampshire.police.uk

We want to hear from you about your thoughts and experiences with Hampshire Constabulary.

You can write about anything we need to know. This could be a recent good or bad experience, dealings with staff, or a story you have recently heard.

Your comments will be used to improve our services so that they meet the needs of local communities.

To have your say or for more information visit

Issue 2

COLDEN COMMON AND TWYFORD

Safer Neighbourhoods team

Pictured: Sgt Chris Hills

Not pictured: PC Nigel Harding and
PCSO Richard Nolan

Our local pledge - your current neighbourhood priorities.

We are committed to working with you and our partners to identify local concerns which help us to determine the priorities for your neighbourhood.

1. Traffic entering Queen Street, Twyford in contravention of No Entry restriction
2. Cold callers visiting parts of Colden Common/ Brambridge
3. Inconsiderate parking in Park Lane, Twyford

You can get involved in setting these priorities by attending a community meeting or briefing, sending us an email or simply by speaking to us when you see us out and about in your neighbourhood.

How to contact your local Safer Neighbourhoods team

Call 101 and ask to speak to a member of your Safer Neighbourhoods team.
If nobody is available, leave a message and we will get back to you.

You can also send us an email

winchester.southgate.snt@hampshire.pnn.police.uk

If you would like to receive a copy of this newsletter in another language please call 101 and ask for the Corporate Communications Unit.

Here is some information about the priorities that were previously determined for your neighbourhood and information about what action has been taken about these:

You said: Stop traffic entering Queen Street, Twyford in contravention of no entry restriction.

We did: Targeted foot patrols have been carried out in Queen Street. Drivers have either been dealt with at the scene for contravening the no entry restriction or traced to home or business premises and formally warned. We have worked with the local authority to improve roadside signage.

You said: Cold callers visiting parts of Colden Common/ Brambridge.

We did: Following reports of cold callers in Church Lane, Brambridge, and concerns expressed by residents in Colden Common about door step callers, we acted with Winchester City Council Trading Standards to introduce No Cold Calling Zones to deter door step crime.

This spring, zones were established in Grays Close, Colden Common and

Church Lane. A No Cold Calling Zone was also introduced in Kings Close, Twyford to help protect residents.

You said: Inconsiderate parking in Park Lane, Twyford.

We did: Targeted foot patrols are being carried out in Park Lane. Drivers are issued with advisory / warning letters to ensure the junction with High Street is left clear for traffic to pass safely.

JUSTICE SEEN JUSTICE DONE

The following is information about what has been done to bring offenders to justice in your area recently:

Your Safer Neighbourhood Team is committed to reducing crime and making this community a safer and more secure place to live and work.

PCs and PCSOs conduct regular daily patrols in the area, establishing and maintaining good relationships with local residents, and the partner agencies who work alongside the police in safeguarding the community's interests.

This high visibility policing deters criminals, and prevents activity such as anti-social behaviour, which can otherwise be a blight on a community if allowed to take place. Each and every criminal incident

is investigated thoroughly by police, and we always seek to secure a charge and conviction.

ASBOs (anti-social behaviour orders) and ABCs (acceptable behaviour contracts) are used whenever possible on those people who continue to trouble the residents of the area with criminal and anti-social activity.

Additionally, we are here to provide support to those unfortunate enough to become victims of crime, and we give crime prevention advice to help stop residents becoming victims in the first place.

The result of this commitment has seen crime fall across the entire policing area in which your community resides by over eight percent in the past year.

In more detail: Assaults have fallen by over two percent. Criminal damage has fallen by over 17 percent. Serious violent crime has fallen by over 13 percent. Serious acquisitive crime (burglaries, robberies etc.) have fallen by over six percent. We will continue to work with partner agencies and with you, the residents of our area, to make sure that these falls in crime continue through the rest of 2010 and onwards

Meet your Safer Neighbourhoods team

Brambridge (by stores) September 18
