

People may think of Neighbourhood Watch (NW) as a few people ‘twitching’ at the net curtains, but today’s NW, as well as continuing to ‘twitch’ brilliantly, is involved in a lot more.

Over the last three years NW has worked hard to ensure that more residents see the benefit of working with them to help deter quality of life issues and other crime in their neighbourhoods, and today, more and more residents are becoming involved and use information from NW to ensure their homes and vehicles are more secure.

For more information on joining NW please speak to your local SNT.

Did you know you could volunteer with Hampshire Constabulary?

We are recruiting police support volunteers to work alongside local police teams and make a difference to their community.

Our volunteers provide mainly administrative support to enable the team to focus on community priorities and visible policing.

You could be carrying out tasks as varied as organising community meetings, making sure photos of the team are up to date or carrying out research into community issues and crime trends. To find out more visit www.hampshire.police.uk

We want to hear from you about your thoughts and experiences with Hampshire Constabulary.

You can write about anything we need to know. This could be a recent good or bad experience, dealings with staff, or a story you have recently heard.

Your comments will be used to improve our services so that they meet the needs of local communities.

To have your say or for more information visit

www.hampshire.police.uk

Issue 2

WONSTON AND MICHELDEVER

Safer Neighbourhoods team

Pictured: Sgt John Stribley

Not pictured: PC Kevin Hercock and PCSO Robert Window

Our local pledge – your current neighbourhood priorities.

We are committed to working with you and our partners to identify local concerns which help us to determine the priorities for your neighbourhood.

1. Speed enforcement – South Wonston/ Sutton Scotney
2. Anti-social behaviour/criminal damage – South Wonston
3. Rural crime – poaching and burglary

You can get involved in setting these priorities by attending a community meeting or briefing, sending us an email or simply by speaking to us when you see us out and about in your neighbourhood.

How to contact your local Safer Neighbourhoods team

Call 101 and ask to speak to a member of your Safer Neighbourhoods team. If nobody is available, leave a message and we will get back to you.

You can also send us an email

winchester.northgate.snt@hampshire.pnn.police.uk

If you would like to receive a copy of this newsletter in another language please call 101 and ask for the Corporate Communications Unit.

YOU SAID WE DID

Here is some information about the priorities that were previously determined for your neighbourhood and information about what action has been taken about these:

You said: You wanted the police to concentrate on reducing speed through our villages.

We did: We now have been trained and have started enforcement in speeding hot spots to tackle drivers who break the limit.

You said: You want us to look at anti-social behaviour at South Wonston recreation ground.

We did: We have increased patrols and have arranged a local Neighbourhood Watch Scheme. We have also requested the assistance of the Ministry of Defence at Worthy Down.

You said: Tackle rural crime.

We did: In relation to rural crime, the district has worked hard to educate officers in relation to rural issues and increase patrols. The area now has a dedicated rural response. The beat team have participated in a local Country Watch drop-in session and would welcome new members.

JUSTICE SEEN JUSTICE DONE

The following is information about what has been done to bring offenders to justice in your area recently:

We currently have no residents on ABCs or ASBOs in our area, however we work with our partners, including Winchester City Council, to target problems as they happen.

This has had great results, however if you feel that someone is causing a real issue in your neighbourhood please contact PCSO Window.

Your Safer Neighbourhood Team is committed to reducing crime and making this community a safer and more secure place to live and work.

PCs and PCSOs conduct regular daily patrols in the area, establishing and maintaining good relationships with local residents, and the partner agencies who work alongside the police in safeguarding the community's interests.

This high visibility policing deters criminals, and prevents activity such as anti-social behaviour, which can otherwise be a blight on a community if allowed to take place. Each and every criminal incident is investigated thoroughly by police, and we always seek to secure a charge and conviction.

ASBOs (anti-social behaviour orders) and ABCs (acceptable behaviour contracts) are used whenever possible on those people who continue to trouble the residents of the area with criminal and anti-social activity.

Additionally, we are here to provide support to those unfortunate enough to become victims of crime, and we give crime prevention advice to help stop residents becoming victims in the first place.

The result of this commitment has seen crime fall across the entire policing area in which your community resides by over eight percent in the past year.

In more detail: Assaults have fallen by over two percent. Criminal damage has fallen by over 17 percent. Serious violent crime has fallen by over 13 percent. Serious acquisitive crime (burglaries, robberies etc.) have fallen by over six percent. We will continue to work with partner agencies and with you, the residents of our area, to make sure that these falls in crime continue through the rest of 2010 and onwards.

Meet your Safer

Neighbourhoods team

- October 3 10.30am – 11.30am
South Wonston Recreation Ground
- 11.30am – 12.30pm
Sutton Scotney Fire Station
