

People may think of Neighbourhood Watch (NW) as a few people 'twitching' at the net curtains, but today's NW, as well as continuing to 'twitch' brilliantly, is involved in a lot more.

Over the last three years NW has worked hard to ensure that more residents see the benefit of working with them to help deter quality of life issues and other crime in their neighbourhoods, and today, more and more residents are becoming involved and use information from NW to ensure their homes and vehicles are more secure.

For more information on joining NW please speak to your local SNT.

Did you know you could volunteer with Hampshire Constabulary?

We are recruiting police support volunteers to work alongside local police teams and make a difference to their community.

Our volunteers provide mainly administrative support to enable the team to focus on community priorities and visible policing.

You could be carrying out tasks as varied as organising community meetings, making sure photos of the team are up to date or carrying out research into community issues and crime trends. To find out more visit www.hampshire.police.uk

We want to hear from you about your thoughts and experiences with Hampshire Constabulary.

You can write about anything we need to know. This could be a recent good or bad experience, dealings with staff, or a story you have recently heard.

Your comments will be used to improve our services so that they meet the needs of local communities.

To have your say or for more information visit www.hampshire.police.uk

PCSO John Payne, PCSO Dave Earley,
PCSO Kim Mitchell and PCSO Bob Shailer

Our local pledge – your current neighbourhood priorities.

We are committed to working with you and our partners to identify local concerns which help us to determine the priorities for your neighbourhood.

1. Anti-social behaviour in the town in general, but specifically in the Wicor recreation ground and Cranleigh Road areas.
2. Marine crime.
3. Continue to develop no cold calling zones in the town.

YOUR VOICE
COUNTS

You can get involved in setting these priorities by attending a community meeting or briefing, sending us an email or simply by speaking to us when you see us out and about in your neighbourhood.

How to contact your local Safer Neighbourhoods team

Call 101 and ask to speak to a member of your Safer Neighbourhoods team.
If nobody is available, leave a message and we will get back to you.

You can also send us an email

fareham.sector@hampshire.pnn.police.uk

If you would like to receive a copy of this newsletter in another language please call 101 and ask for the Corporate Communications Unit.

Here is some information about the priorities that were previously determined for your neighbourhood and information about what action has been taken about these:

You said: You were concerned about anti-social behaviour in the town.

We did: We have had a lot of success in relation to acceptable behaviour contracts and ASBOs on various juveniles in Portchester. We are continuing to keep up the pressure and various sanctions are in place on various youths.

We continue to work closely with Fareham Borough Council's community safety team and additional ABCs are being drawn up, and will be utilised to curb unruly behaviour. We continue to patrol the anti-social behaviour potential hot spot areas; namely: the community centre car park and grounds, the precinct, the castle, and Wicor recreation ground.

You said: You were concerned about the levels of marine crime.

We did: Consequently we have developed a web site: www.hampshireremarinewatch.co.uk. This site is extremely important and provides reassurance for the marine community and improves confidence in policing the marine environment.

You said: Develop No Cold Calling Zones and communicate with residents.

We did: The development of these zones is ongoing. Please refer to our web page at www.hampshire.police.uk for updates on this matter.

We are also piloting the team on [twitter.com](https://twitter.com/portchesterstnt). on entering www.twitter.com/portchesterstnt you will receive regular updates/alerts/crime issues that relate to – and are intended solely for the residents of Portchester.

JUSTICE SEEN JUSTICE DONE

The following is information about what has been done to bring offenders to justice in your area recently:

Sergeant Tremellen is in charge of the youth intervention clinic at the police station. Any youth that comes through the criminal justice system who is suitable for being dealt with other than by way of appearing in court is assessed and dealt with. This is especially useful for those that commit crime in Portchester, as we have first hand experience of who they are, what they have done and what can be put in place to prevent re-offending.

Your Safer Neighbourhoods team is committed to reducing crime and making this community a safer and more secure place to live and work. PCs and PCSOs conduct regular daily patrols in the area, establishing and maintaining good relationships with local residents, and the partner agencies who work alongside the police in safeguarding the community's interests.

This high visibility policing deters criminals, and prevents activity such as anti-social behaviour, which can otherwise be a blight on a community if allowed to take place. Each and every criminal incident is investigated thoroughly by police, and we always seek to secure a charge and conviction. ASBOs (anti-social behaviour orders) and ABCs (acceptable behaviour contracts) are used whenever possible on

those people who continue to trouble the residents of the area with criminal and anti-social activity. Additionally, we are here to provide support to those unfortunate enough to become victims of crime, and we give crime prevention advice to help stop residents becoming victims in the first place.

The result of this commitment has seen crime fall across the entire policing area in which your community resides by over eight percent in the past year.

In more detail: Assaults have fallen by over two percent. Criminal damage has fallen by over 17 percent. Serious violent crime has fallen by over 13 percent. Serious acquisitive crime (burglaries, robberies etc.) have fallen by over six percent.

We will continue to work with partner agencies and with you, the residents of our area, to make sure that these falls in crime continue through the rest of 2010 and onwards.

Meet your Safer Neighbourhoods team

We run a beat surgery in the town precinct on the first Wednesday of every month during the morning. In addition we are in the PortaKabin™ at the rear of the community centre every Monday morning.

Your Safer Neighbourhoods team is based at

Fareham police station,
Quay Street,
Fareham
