

European Association  
of Airport and Seaport Police

**Assistant Chief Constable David Pryde  
Hampshire Constabulary**

**It is with great pleasure that the Executive Committee  
of the European Association of Airport and Seaport  
Police hereby recognise and award Hampshire  
Constabulary for the creation and development of**

**Project Kraken.**

**The committee were impressed that the project had  
progressed nationally through the essential  
engagement with the local community and the  
creation of information documents and DVD's. This  
highlights the vital contribution that the public can  
make in being made aware of and the reporting of  
suspicious activity around criminal and terrorist  
activity within the maritime domain.**

**Furthermore the development of the project has been  
identified and recommended as good practice that  
could be implemented across any portal region in  
Europe.**

**John Donlon  
Assistant Chief Constable**

**President  
European Association of Airport and Seaport Police**
